

SIDDHI LANKESH KUYATE

Full Stack Web Developer

Nashik, Maharashtra | [+91 9011727124](tel:+919011727124) | siddhikuyate9@gmail.com
[LinkedIn](#) | [GitHub](#) | [Portfolio](#)

SUMMARY

Full Stack Web Developer and MCA student with two development internships and a client website deployed live using React and Supabase. Works across the stack: responsive front-ends with React, JavaScript, HTML, CSS, and Bootstrap, and back-end and data work with Supabase and MySQL, using Git and GitHub for version control. Used to working on real client projects as part of a team, and looking for a software developer role where I can build and ship production-quality web applications.

EDUCATION

Master of Computer Applications (MCA)

KKWIEER, Nashik

Major: Computer Applications

Bachelor of Business Administration (Computer Applications)

K.K. Wagh AC & CS College

Higher Secondary Certificate (HSC)

SPPU Board

- **Core Strengths:** Problem-Solving, Communication, Teamwork, Time Management, Adaptability

INTERNSHIP

Full Stack Development Intern, SachiTech, Nashik

Mar – Jun 2026

- Worked on both front-end and back-end tasks for real client projects, guided by a mentor.
- Built and refined features with the team, applying front-end skills within full-stack workflows.

Front-End Development Intern, Cognifyz Technologies

Jan – Feb 2026

- Built responsive web pages in HTML, CSS, and JavaScript that work across screen sizes.
- Created reusable UI components to keep the interface consistent and speed up development.

PROJECTS

Prince Group of Business | React, Supabase | Full Stack Developer

[Live Demo](#) | [GitHub](#)

- Built and deployed a responsive website for a real client, taking it from development to a live production domain.
- Developed the user interface in React and used Supabase as the backend for data storage.
- Presents the company's services and key business information online (live at princegroupofbusiness.in).

Cafe Coffee Day | HTML, CSS, JavaScript, Bootstrap | Frontend Developer

Feb – Apr 2025 | [GitHub](#)

- Built a responsive web app to manage cafe products, orders, and records through a simple, user-friendly interface.
- Used Bootstrap and custom CSS for a consistent layout across desktop and mobile, with JavaScript for page behavior.

One-Eight | HTML, CSS, Bootstrap | Frontend Developer

Jan – Mar 2025 | [GitHub](#)

- Built a themed, multi-page e-commerce-style website with several product categories.
- Kept the design consistent and responsive across all pages using HTML, CSS, and Bootstrap.

CERTIFICATIONS

- | | |
|---|----------|
